(54) **Collar for a cat or dog, the material of said collar containing certain active substances, and method of manufacturing such a collar**

(57) Collar for a cat or dog, in which said collar contains certain active substances for protection against fleas, ticks, lice and other insects. In particular, ivermectine is employed as the active substance. This substance

kills worms in particular, such as round-worms.

When manufacturing such a collar, the substance ivermectine in liquid or powder form can be added to said collar.
